

Comforter Prayer

Let us give thanks for the support we are offered from the church and its parishioners throughout the baptism journey; for the help given to organise and carry out these special ceremonies and those who attend.

Thank you to those talented members who are so creative and impart their skill onto others to bring comfort and joy, giving their time so willingly to create these wonderful comforters for our treasured children.

Let us send blessings to all children who have been baptised here and welcomed into the church family with open arms and without prejudice; may their parents, godparents and family find support and direction within the community of St Michael's Church and comfort in their love for each other.

Amen
